Emergency Pet Guardianship Document

Client Name and Account # _____

Pet Names _____

Emergency Pet Guardianship:

In the unlikely event that you are unable to resume care of your pet/s due to death or incapacitation, please list the name and contact information that Happy Hearts Pet Care LLC should contact to take over the care of your pet/s until final guardianship is determined by arrangements made in your will or other legal documents.

Please be sure that you have notified the person(s) below that you have listed them as your emergency pet guardian contact. Also be aware that if the authorities are involved and the contact person is not local, your pets will most likely be taken to a shelter to be cared for until this person can assume care.
